

July 30, 2015

Sirena Marine presents Rob Humphreys-designed Azuree 46 at the Sydney International Boat Show.

The Azuree 46 will be on display at the Sydney International Boat Show 2015 in the Darling Harbour from 30 July to 3 August.

The Azuree 46 is a beautifully appointed cruiser designed by Humphreys Yacht Design for those with an eye for fast cruising in comfort and style. Sirena Marine, Turkey's most successful and fastest growing production boat builder is responsible for this sleek yacht.

Her startling performance out in the Caribbean and on the IRC circuit has really got the 46 noticed by the yachting community.

Providing high levels of safety and comfort both on the open seas and in anchorage, the 46 features an innovative cockpit with fold-down bathing platform and seats that transform quickly into sunbeds. When passage making or racing, the cockpit sunbeds and table fold away just as quickly to provide ample room for the crew to work the cockpit. Other options include a carbon rig together with a bowsprit to make setting of Code 0 headsails and gennakers all the easier and to further extend performance capability.

The Azuree 46 exudes style and creativity. The use of light-oak in the interior accentuates the feeling of freshness and space throughout a light, capacious six-berth three-cabin layout. Accommodation includes an owner's suite forward and two staterooms aft that convert into single-berthed cabins when required, with the option also to have a separate single cabin for a professional crew.

Rob Humphreys sums up the Azuree 46 as a fast, exciting yet forgiving cruising yacht.
